motion, styled as an "unopposed motion for order to change times (setting briefing schedule for dispositive motions and adjusting pre-trial calendar)." The motion is construed as a motion requesting an extension of

> Nos. C 11-05696 & 12-02935 RS **ORDER**

the current deadline for filing dispositive motions in the two above-captioned cases. The request is		
granted; dispositive motions must be noticed for hearing no later than Thursday, April 25, 2013.		
The further case management conference scheduled for March 28, 2013, is continued to June 6,		
2013 at 10:00 a.m. in courtroom three of the above-captioned court.		

The proposed order submitted with the motion contains the language "[n]on-expert discovery must be completed by March 8, 2013." The existing case management scheduling order in these cases, dated August 9, 2012, set the close of non-expert discovery on November 30, 2012. Non-expert discovery has been closed for nearly two months. No good cause has been shown in Plaintiff's motion as to why non-expert discovery should re-open. The request is therefore denied. See Fed. R. Civ. Proc. 16(b)(4). The request for a deadline for the filing of pre-trial motions is also denied as premature.

In addition, plaintiff's earlier-filed "motion to consolidate cases and set briefing schedule" is terminated as improperly noticed. Should plaintiff chose to bring a new motion to consolidate these cases, it must do so in accordance with Civil Local Rule 7-2.

IT IS SO ORDERED.
